

CRAZY STRAWS

Colour of pieces subject to change
 Not Suitable for children under 3 years
 of age as it contains small pieces.

Ref: 0054

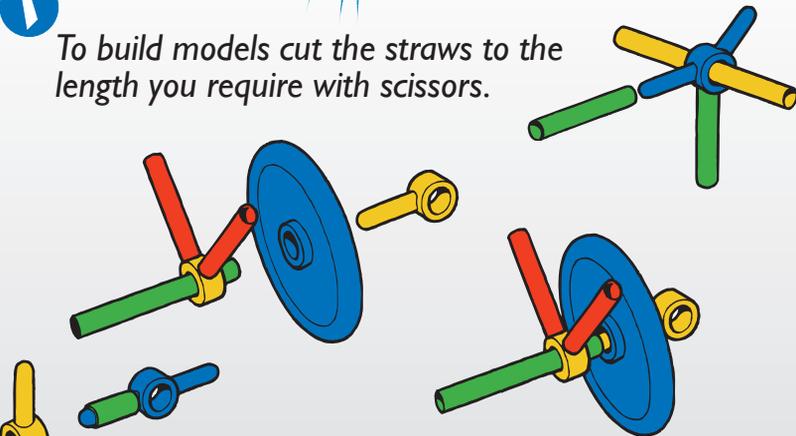

CRAZY STRAWS

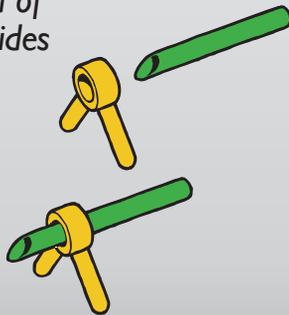

To build models cut the straws to the length you require with scissors.

If you wish to fix one joiner firmly into another cover the prong with a short sleeve cut from a straw.

After constant use cut the end of a straw at an angle so that it slides more easily through the hole. Flatten the projecting end to prevent the joiner slipping off.

Made in England by:-
Cochranes of Oxford Ltd.,
Leafield, Witney OX8 5NY
(please keep our address for future reference.)
